To Whom It May Concern:

On behalf of Lac La Biche County Council, I am writing to express our support for the Enbridge Northern Gateway Pipelines Project.

We believe the project will provide an economic benefit to communities in the province that will lead to further growth and the diversification of markets. As a northern community that is fortunate to benefit from oilfield activity, we recognize the value these types of economic activities bring to local and outlying areas.

We are confident the Joint Review Panel will consider all aspects when assessing and determining the future of this project.

Please accept this letter of support as part of the public record with respect to the joint review process.

Sincerely,

Peter Kirylchuk  
Mayor
