Dear Sir/Madam:

RE: Northern Gateway Pipeline Project

The Council of the RM of Dufferin #190 discussed the above captioned matter at their regular meeting held on February 8, 2012.

The Council would like to forward their full support of this project. The economic impact this project will have, not just regionally, but nationally, is substantial. There is a need for respective levels of government to provide for their support and subsequent approval of the Northern Gateway Pipeline Project

Again, the Council fully supports and respectfully requests all levels of government support and allow this project to proceed.

Yours truly,

Rodney E. Audette, RMA  
Administrator
