Attn: Secretary to the Joint Review Board

The Council of the Town of Dundurn is aware that the Enbridge Northern Gateway Project is in the process of being reviewed by the National Energy Board and the Canadian Environmental Assessment Agency.

We understand that this project would bring substantial employment opportunities for fellow Canadians and with that many dollars would be raised in labour income.

During this time of unease in world regarding financial stability a project such as this is a welcome relief for many people.

The Town of Dundurn is in full support of the Enbridge Northern Gateway Project. We hope that this project will be the beginning of a turnaround for our current economic status in the world.

Sincerely,

Per Vinding
Mayor
Town of Dundurn
