Dear Madam:

**Re: Hearing Order OH-4-2011 and File No. OF-Fac-Oil-N304-2010-01 01  
Enbridge Northern Gateway Project Application  
May 30 Procedural Conference**

I write in response to your letter of June 6, 2012.

With respect to issue #5, at the procedural conference I stated that I assumed that in setting out the issues contained within this question there was no intent to restrict the issues set out in the List of Issues in the Hearing Order. Therefore, any specific issues not listed in the question would fall within one of the general categories. I also suggested that it would be useful for an intervener to contact the JRP and counsel for Northern Gateway if there were need for clarification with respect to the appropriate witness panel and location for a given line of questioning.

With respect to issue #6, I noted that two parties had indicated in their estimates of time for cross-examination that they intended to cross-examine the Province of BC. I clarified that, as the Province did not adduce evidence in this proceeding, it would not be presenting witnesses for cross-examination.

If you have any questions, please do not hesitate to contact me.

Yours truly,
