**Northern Gateway Pipelines Inc. (Northern Gateway)  
Enbridge Northern Gateway Project (Project)  
Hearing Order OH-4-2011  
Procedural Matters relating to the Final Hearings – Witness Panels**

In Procedural Direction #8, dated 4 July 2012, the Enbridge Northern Gateway Joint Review Panel (the Panel) advised that the final hearings for questioning for the proposed Project would commence **on 4 September 2012** in Edmonton, Alberta.

For planning purposes, the Panel requires all parties who have submitted either oral or written evidence to file with the Panel a list of their witnesses that will be available for questioning during the final hearings. This list must include all experts that have submitted reports on the party's behalf, as well as those individuals that are able to answer questions on the specific evidence filed. Where relevant, it would be helpful if parties would organize their list of witnesses into "witness panels" by topic.

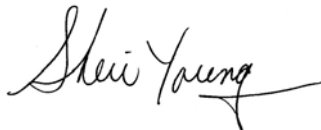

This information must be provided to the Panel, on or before **Friday, 13 July 2012**.

Information regarding witnesses and witness panels will then be circulated to all parties, and each party will be asked to identify the following:

- (i) which parties they anticipate questioning at the final hearings; and
- (ii) how much time they will require for questioning.

If you have any questions related to this letter, please contact Mr. Andrew Hudson, Legal Counsel at 403-299-2708 or toll-free number at 1-800-899-1265.
